Kids Lives Enriched By Sleeping Beauty

By Etude

When over 250 children can sit quietly for one and one half hours that's news! And that is what happened last Saturday when the Adventure Theatre group visited Greenbelt with their production of *The Sleeping Beauty*. The children and the adults, too, were captured by the imaginative production this group gave to an old, old tale. The story was told in song (original music), dance and narrative, all brought to life by delightful costumes and scenery.

Greenbelt saw as charming a production in its way as was seen this week on TV. At the end of the performance the children were invited to meet the cast in the back of the auditorium where they saw close up the actors in all their glorious grease paint. The fairies waved their magic wands over the lucky ones and the children were busy getting autographs like proper fans. It's good to have live performances. We hope we have more of them and especially from Adventure Theatre. Congratulations to PTA for a worth-while money-making venture, one that certainly has helped enrich our children's lives.

LEGION PARTY

The Greenbelt American Legion will hold its annual Christmas party Sunday, December 18, at 2:30 p.m. There will be movies, candy, toys and Santa Claus.

Local Boys Star In Football Finale

Greenbelt's youth was well represented in the football game between St. John's College High and Gonzaga High which was played last Sunday afternoon. Mike Canning (our Mayor's son), Al Castaldi and Dick Schoeb, by their brilliant playing, assisted the Gonzaga team bring back to their Alma Mater their first Catholic Championship since 1949. All three, now seniors, played their last game for Gonzaga when they faced the strong Cardoza team for the city championship. This game was Friday evening, November 25, at Griffith Stadium.

Dick Schoeb who plays tackle for Gonzaga made All-Catholic All-Prep and All-Metropolitan first string team honors. Mike Canning, half-back for Gonzaga made honorable mention All-Prep.

Baptist Chapel Shows "Christmas Pageant"

The Sunday School of the Greenbelt Baptist Chapel will present a pageant "Once Upon a Christmas Time" written by Edith Standford Tillotson, Sunday evening, December 18 at 6 p.m.

Each Sunday School department from the Nursery through the Adult department will have a part in the pageant. Because of the anticipated attendance, the pageant will be held in the auditorium of the Center school. John S. Stewart, Jr., Sunday School superintendent, is in charge of the program together with Roy C. Thomas, Training Union director.

Fire, Rescue Squad Offered Site By City

Members of the city council will inspect a city-owned site proposed for the volunteer fire department and rescue squad, it was decided last Monday night. The area, west of the Athletic clubhouse on the south side of Crescent, was called suitable for the volunteer group, and will raise no objections from neighboring churches or Greenbelt Veteran Housing Corporation, owners of nearby vacant land.

The city will probably offer a long-term lease to the squad with ownership reverting to the city if the site is not used as a volunteer fire department in the future. Financing and terms of transfer of the property will be discussed by city manager Charles McDonald, city solicitor Ralph Powers, and Marshall Zoellner, president of the volunteer group.

St. Hugh's Teenagers Charter Civics Club

By Sharon Capri

The St. Hugh's Civics Club of St. Hugh's School this week received its official charter from the Commission on American Citizenship in Washington, D. C. The charter formally recognizes affiliation of the local unit with the national organization headquarters at Catholic University. Pupils of grades seven and eight comprise the local club membership.

Officers of the newly organized club are: Stuart Long, president; Bernard Emmert, vice-president; Sharon Capri, recording secretary; and Joseph Patterson, sergeant-at-arms.

The St. Hugh's Civic Club is one of the thousands of Catholic Clubs chartered in the United States for the express purpose of "fostering training for good citizenship."

This year the program of study and action will develop the general theme, "Good Citizens Work Together." The program will show how the school is the pupils' community in miniature.

Council Cuts Fat From '56 Budget; Works Overtime, To Finish Monday

The city council began "rendering the fat" out of the 1956 proposed budget at a special meeting last Monday night. Tonight they meet again at 8 p.m. for further work, in order to finish the job at the regular meeting next Monday night.

Santa Claus Due Here Saturday, December 17

by Donald Wolfe

The Police got word over the radio that Santa will be in Greenbelt Saturday, December 17, at 2 p.m. He would not tell how he was coming because he wanted that to be a surprise. Santa told the Police to tell the Recreation Dept. to get him some helpers to give out his candy canes. The Lions Club will assist. Greenbelt Consumer Services will donate the candy canes. The Recreation Dept. has made a route for the girls and boys to look for Santa. Starting at the top of Ridge he will circle the city by way of Ridge Rd.; Research, Hillside and Crescent. All girls and boys are requested to stand along the side of the road and not to come out into the road. Listen for the police siren to notify you that Santa is on his way. ALSO DON'T FORGET TO BE GOOD BOYS AND GIRLS.

"Chasanow Story" May Be Featured In Movie

Twentieth Century-Fox is considering producing a movie about loyalty investigations among Government workers.

The studio has announced the purchase of screen rights to a series of newspaper stories by Anthony Lewis published last year in the Washington Daily News about the suspension of a veteran Navy Department employee as a security risk, and his later clearance.

The stories, which won a Pulitzer Prize for Lewis, dealt with the charges of Communist association made by unknown sources against Abraham Chasanow, who was employed for 23 years by the Navy Department Hydrographic Office in Suitland, Maryland.

Chasanow was suspended as a security risk in July, 1953, after the Navy Security Appeals Board had overruled a clearance given previously by a department hearing board. He was restored to his position with a public apology in September, 1954, by order of James H. Smith, Assistant Secretary of the Navy.

Cub Scouts Collect 400 Bags of Clothes

Saturday, December 3, the Cubs and the Scouts of Troop No. 202 canvassed the town and picked up over 400 bags of used clothing for the Goodwill Industries. The bags were left at each cooperating home earlier in the week and were to be picked up on Saturday. If anyone has a bag not yet called for, please call the Goodwill office, ME 8-5940, and their truck will stop for it. And to further local goodwill and fellowship, Mr. Percy Andros and his pack committee have planned a Christmas party for the Cubs of Pack No. 202, to be held at Community Church Fellowship Center Thursday, December 22 at 7:30 p.m. Santa will be there, will you?

Toastmasters Listen To Leland Leasia

The fledgling Toastmasters Club of Greenbelt held its regular semi-monthly meeting Tuesday evening at the Center school. Ed Burgoon presided as Toastmaster of the evening and members provided some very interesting thumbnail sketches concerning themselves.

Leland Leasia of the Civil Service Commission Toastmasters Club spoke briefly, and offered some timely and constructive suggestions.

The next regularly scheduled meeting is set for Tuesday evening, January 27.

Last Monday the council cut: \$600 intended for codifying the ordinances and publishing copies of the city charter; \$100 from "finance"; over \$2000 from "municipal buildings" (several minor repairs and alterations to the community building will wait . . .); \$1000 from "community promotion"; \$250 from "advertising" item of proposed \$500; the entire \$500 for "planning and zoning."

Many of the items reduced will go on a "priority list" to be considered during the year and appropriations made from any accumulated surplus.

City manager Charles McDonald and the council went over the budget item by item. McDonald, following the lead of council ("It is apparent the council's trend is towards reducing the budget . . .") suggested various items that could be delayed or eliminated, and those that were urgent.

Before the budget consideration, letters were read from Abe Chasanow, Tony Madden, Ben Goldfaden, Mrs. Wilson (apartment owner) asking for economies and reduction of the tax rate, and from Henry Walter, asking for economies but also inclusion of the youth center in the budget.

The council is not expected to consider the youth center item until Monday night. Asked by the News Review for a statement on the \$9000 request for a new youth center building, Mayor Tom Canning replied: "A drawing submitted by Bev Fonda at the meeting of the building to cost \$20,000 appears to be too small. (The drawing showed three stages of development.) I'd rather build the entire structure at once through bond issue financing—this would have

Local Woman Active

By Lib Goldfaden

Mrs. Jane Hunt, Greenbelt resident for 12 years, active civic worker, and mother of four boys, is for the second year chairman of the Prince Georges County Volunteer Christmas Bureau, and represents the city of Greenbelt on the PGC Planning Council.

Last year the Bureau served 314 families. This year it expects to give food, toys and clothing to 500 families. Under the sponsorship of the Prince Georges County Community Chest and Planning Council, the Bureau is staffed entirely by volunteers, and all contributions are voluntary.

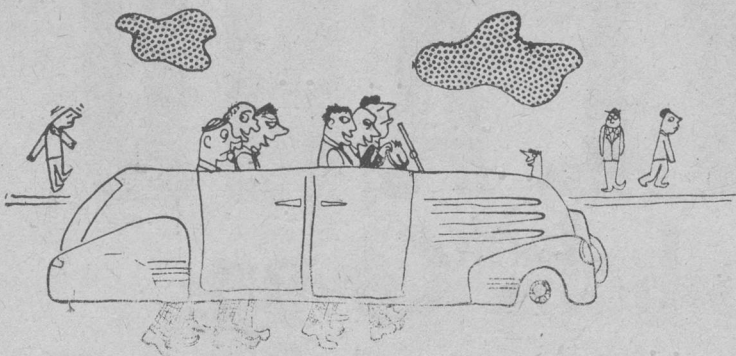

Since early November Mrs. Hunt and Mrs. Carolyn Wood, vice-chairman, have been working at least 20 hours every week, finding volunteers, coordinating services of many local groups, keeping records, setting up the Christmas Store at the Hyattsville Armory, among thousands of other details.

From December 19 on, contributions will be accepted at the Armory. At any time during shopping hours, toys, food or clothing may be brought to Santa's Hideaway, outside of Lansburgh's Langley Park store. Station WGAY broadcasts from there every day from 2 to 4:30.

On Sunday, December 18, Mrs. Hunt announced, there will be a Teen-Age Dance at the Hyattsville Armory. Admission will be one can of fruit juice or canned milk, per person. Professional musicians are giving their time. Arrangements were made by the Soroptimist International of Prince Georges County, for this affair.

Mrs. Hunt added that if any organizations or individuals wish to give time, food or toys, clothing or cash, they may call AP. 7-8778, daily between 10 a.m. and 3 p.m., or contributions may be mailed to 3723 34th St., Mt Rainier. If you wish to give independently to a family, she asked that the name be submitted to the Bureau, to prevent duplication.

Some cash is needed, she said, to purchase meat and milk to supplement the canned food given by Prince Georges County residents.

"As soon as they establish a tax rate I'll find out whether I can buy new tires . . ."

The holiday season is here! Not only have the children been busy making holiday plans at home, but they have been equally busy carrying out holiday plans at school.

At North End School all the children have been working on their Yuletide production, "Santa's Holiday Journey," which will be presented Tuesday, December 20, at 1:30 and 7:30 p.m. in the auditorium. It will tell how people celebrate Hanukkah and Christmas throughout the world including Syria, Mexico, and some European countries. The program will also tell some of the ancient historical background of this winter holiday including the Roman celebration of Saturnalia and the rites of the Druids.

Holiday celebrations are also the theme of the Yule dramatization and carols at Center School. The primary grades will present "Happy Holidays" at 10:30 a.m. and the upper grades "Christmas in the United States" at 1:30 p.m. in the auditorium. The program stems from the children's social studies. "Christmas in the United States" shows how this country is truly a melting pot through the ways in which we celebrate the holiday season beginning with Hanukkah. Many groups such as the Germans, Scandinavians, Swiss, French, and Mexicans have contributed to the variety of ways in which we celebrate Christmas and the holidays.

The second annual Christmas concert of the High Point High School band and combined glee clubs will take the place of the regular meeting of the school's PTA. The concert, to be held at 8 p.m., Tuesday, December 20, will feature some 260 choristers under the direction of Peggy Topping, and 55 band members, Donald Smith conducting. After the musical program, which will be held in the school's gym, refreshments will be served with Mrs. James Inman, hospitality chairman, in charge.

Mrs. Bowman, kindergarten teacher at North End School, represented the pre-school cooperative teachers of Prince Georges County at a planning conference at the University of Maryland, December 13. She will attend a conference—To Study Needs of Pre-Schools—at Columbia Teachers College in New York City in February. Some of the questions to be considered are (1) is more research needed? (2) of what value are pre-schools?

Library News & Notes

By Mary Kenan Hadley

The Maryland Library Association has come up with a list of the season's best offerings to help you choose as a Christmas gift the right book for the right person. To name a few, **GIFT OF THE SEA** by Lindbergh, **INSIDE AFRICA** by Gunther, and **ME AND KIT**, by McClintic for the adults, and for the snow suit age, a new Seuss, **ON BEYOND ZEBRA**. This list is available at any branch of the County Library System. Now all you have to do is collect the kids, and go pick out a Christmas tree that will make everybody happy!

Mrs. Dale, who keeps records of the materials you borrow, reports that use of the libraries increased 45 percent in the year completed in July. In the first four months of this fiscal year, you have used your County Library 32 percent more than the same months of the previous year. We are glad you appreciate more facilities.

Remarks by other council members indicated the same trend of thought: efforts to maintain or lower the tax rate would be seriously hampered by including the youth center building in the budget.

A Friendly Invitation From The Members of Your New Greenbelt Community WOODLAND HILLS

A week from today formal purchase of the beautiful Woodland Hills tract of land will be completed. Shortly after January 1, work on streets, water, sewer, etc., will be started. Around April 15, actual home construction will be started, with home occupancy planned for the Fall of 1956, in time for school opening. Barring unexpected weather or other factors, we should be able to keep

to this schedule.

A few openings are still available in Woodland Hills. Under terms of President Eisenhower's 1955 Housing bill for non-profit co-ops, veterans may pay for lot averaging 75X125 feet, improvements, street, plus electrical appliances, range, refrigerator, washing machine, dryer, garbage disposal, all in one package deal at the following approximate costs:

| | Down Payment | Monthly Charge for Principal & Interest |
|-----------------------------|--------------|---|
| 6 Room House (3 bedrooms) | \$1350 Cash | \$72.00* |
| 9 Room House (5 bedrooms) | \$1600 | \$86.00* |
| (2 baths & Recreation Room) | | |

*Insurance, taxes, heat and utilities are extra (these costs should also be weighed in your budget estimates. We are limiting our remaining openings on the package deal to veterans. Non-veterans may purchase only a lot for their own building.)

Veterans do not use up their "vets rights" by participating in this plan. Woodland Hills sets on the wooded hill above Crescent Road between the Community Church and St. Hugh's Church. It will be a beautiful community of curving drives—homes set on rustic wooded hillsides—and with each home having a living room picture window looking out into a natural park area.

We extend a cordial invitation to you to talk to any of us personally for details on our few remaining openings, because:

1. After the December 22 transfer of the land—prices on Woodland Hills lots will be raised.

2. You have an opportunity to make many substantial savings in cost not available to other home builders—for example, land will be purchased wholesale at cost (Government selling price plus interest and taxes). Homes will be built by one contractor at a substantial savings—electrical appliances purchased at wholesale, and other services, such as legal fees, closing costs, engineering, title costs, etc., will be at a minimum under the package arrangement.

We want to share with the most people possible the same wonderful benefits that we are looking forward to in Woodland Hills—call us or see us—we will be happy to answer your questions.
